April Fun Facts:

National Pet Day (April 11)

Have you been looking for a reason to celebrate your dog, cat, hamster, fish, or snake? April 11 is National Pet Day and is all about showing your domesticated animal how much they mean to you.

National Pet Parents Day (April 24)

April 11 is reserved for your pet, but April 24 is the day dog and cat parents are the center of attention. You deserve all the admiration for the care and love you give your precious pup or congenial kitty.

National High-Five Day (April 21)

Did you have a great day at work? Give your spouse a high-five. Is your oldest kid acing science? Give them a high-five. On National High-Five Day, delve out all the high-fives your hands can take, but make sure you wash frequently and carry sanitizer to stay healthy.

National Hairstylist Appreciation Day (April 25)

Where would we be without the amazing talents of hairstylists? Probably hiding under a hoodie to evade the judgemental stares of others because you're having a bad hair day. Show your hairstylist that you appreciate their talent with a card, a treat, or an appointment to do the thing they do best.

National Librarian Day (April 16)

Do you frequent the library often? It could even be a book store where everyone practically knows your name. On April 16, show a librarian or bookseller how much you appreciate them.

Wear Pajamas to Work Day (April 19)

Grab your favorite pair of pajamas and head to work to celebrate Wear Pajamas to Work Day. Before you partake in this fun April celebration, make sure to clear it with your boss first. PJs are comfy, but they're not worth jeopardizing your job over.

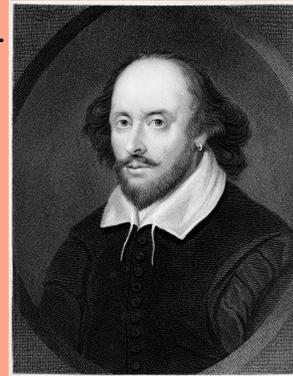

International Dance Day (April 29)

Dancing can reduce heart and lung disease, improve muscle tone, and has various other health benefits, according to Healthline. On April 29, turn on your favorite playlist, get up, and dance away all your troubles with the rest of the world.

Talk Like Shakespeare Day (April 23)

It's highly unlikely you don't know who William Shakespeare is, especially if you took high school English. From Macbeth and Othello to Romeo & Juliet and Taming of the Shrew, we know you have a beloved Shakespeare play that you constantly reference. April 23 is the day you practice your Shakespearian with other bardolators.

April Garden Calendar

Warmer weather, and hopefully April showers, will really get the garden growing. Take advantage of this month to clean up and refresh the landscape, get compost and mulch worked in, and start planting. Just be on the lookout for late frosts!

Vegetables and Fruits

- Start fruit tree spray schedule when growth begins
- Plant carrots, onions, beets and other salad crops in early April
- Thin radishes, beets and carrots as needed
- Harvest asparagus until spear size decreases.
- Prune fruit trees if not already done
- Plant new fruit trees
- Plant asparagus and rhubarb
- Remove mulch from strawberry bed
- Prune raspberry and blackberry plantings
- Do not spray insecticides while fruits flower in order to protect the honeybees
- Plant beans, corn, vine crops in late April
- Cultivate to control seedling weed growth
- Turn the compost pile after a long winter rest
- Transplant broccoli, cauliflower and cabbage in the garden
- Fertilize vegetable garden before planting and incorporate
