

ORDINANCE NO. 696

AN ORDINANCE AMENDING CHAPTER 15, SECTION 15-308 OF THE CODE OF THE CITY OF UDALL ESTABLISHING ELECTRIC RATES AND NEW RATES AND CHARGES FOR RESIDENTIAL AND COMMERCIAL ELECTRIC SERVICE.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF UDALL, KANSAS, THAT:

SECTION ONE. Section 15-308 of the Code of the City of Udall is hereby amended to read as follows:

15-308. Electric rates.

The following electric rates are hereby established for the electric current sold by the City of Udall to-wit:

- (a) Residential electric service to customers of the City:

Customer Minimum Charge \$18.00

Plus \$.081 per kwhr

The above schedule is the base rate to be charged each consumer. A fuel adjustment charge, hereinafter set out, shall be added to the base rate of each customer.

- (b) Commercial electric service for commercial business, including service to recognized boarding homes, rooming houses, apartments, schools, churches and establishments of a commercial nature, including single-phase motor or power requirements up to a total of five horsepower and measured through to one meter and not resold, shall be supplied at the following rates:

Customer Minimum Charge \$27.00

Plus \$.09 per kwhr

Customers having low power factor equipment such as uncorrected power factor fluorescent lighting units, will be required to provide such devices with capacitors for power factor correction at the expense of the customer. The city shall not be obligated to furnish or continue service to radio transmitters, x-ray equipment or other apparatus, the operation of which causes disturbance on the city's electric distribution system, or is of such a character as to impair the satisfactory service to other customers.

- (c) Fuel adjustment charge as used in this article is the amount the city pays in excess of its base rate to the supplier of electricity for the city. All amounts in excess of the base rate paid by the city to the supplier of electricity shall be passed on to the customer for each kilowatt hour used, and shall be designated as fuel adjustment charge. The fuel adjustment charge shall be in addition to base rate for each category of service hereinafter

set forth.

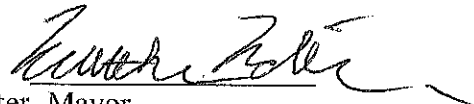

(d) The voltage phase and transformer capacity for service under this schedule shall be at the discretion to the city. Where power is delivered at primary line voltage, a discount of two percent (2%) will be allowed on the monthly billing which is calculated under the above rate schedule. The city shall approve the customer's installation before establishing service at such primary voltage installations. Customers shall utilize reduced voltage starters or the equivalent thereof for all motors 25 h.p. and above, unless otherwise approved by the city for the specific installation.

SECTION TWO. This ordinance shall be in full force and effect on January 1, 2024, after its adoption and publication once in the official city newspaper by the following summary:

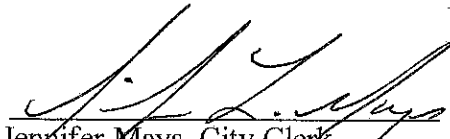

Ordinance No. 696 Summary

On December 13, 2023, the Governing Body passed Ordinance No. 696.
